What our customers have to say...

"We truly appreciate your time and attention to detail and the fact that the dance floor was packed is a testament to your professionalism and experience."

Millennium Gloucester Hotel, London

"Move2Groove flew out for a wedding we managed for a couple living in Australia. Not only did they have the whole resort dancing to their "bhangra" beats, they also hosted all the ceremonies for the day in such a professional manor. We have worked with many suppliers from across the globe, but these guys were awesome and we highly recommend them to our clients".

Conrad, Koh Samui, Thailand

"Thank you so much for all your assistance. You were professional and provided great suggestions. I literally danced my entire wedding!! You helped make our wedding an unforgettable experience."

Sofitel Hotel London Heathrow

"We trusted Move2Groove with our wedding at the Grand venue Grosvenor House in Park Lane to host our crowd of 1400 guest. They executed this with perfection. Look forward to welcoming them to host in our hometown, Kuwait".

MOVE2GROOVE
DESTINATION WEDDING

Destination DJs for Events and Parties

If you are planning a Wedding abroad, we are happy to guide you through the event planning process, utilising our experience, knowledge and industry contacts to take the stress out of planning your event. Destination Weddings have helped us build an amazing Portfolio which have taken us far Asia, Africa, Europe and The Far East in Beautiful Resorts, Venues & Exotic locations such as Koh Samui - Thailand, Mombasa & Nairobi - Kenya, Delhi & Punjab - India, Prague - Czech Republic, Barcelona - Spain, Tuscany - Italy and Dubai - UAE.

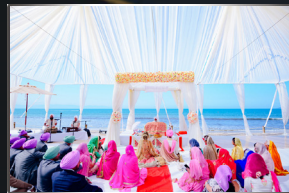

If you are hosting a Destination Wedding, meticulous planning is required to ensure your dream wedding goes without a hitch. Sourcing a quality wedding DJ in a foreign country that you can trust to make your wedding reception the unforgettable party you dream of can be difficult.

If you have a number of guests travelling abroad for your wedding, why leave anything to chance? As the popularity of couples getting married abroad grows, we have seen a rise in demand for this to perform at weddings and events outside of the UK.

We have worked with a network of international partners and suppliers that are able to assist with all aspects of planning your wedding, from finding a venue to organising sound, lighting, and all things audio-visual. We understand the issues you can encounter when planning a wedding or event abroad and can offer intelligent solutions, making sure even the smallest of details are taken care of.

We travel abroad frequently to perform at clubs, and festivals throughout the world. As Destination Wedding venues and locations become ever more exotic and remote, some couples choose to hold their celebrations. Don't worry we offer vast experience working with sound and light for outdoor events, even in locations where a reliable source of power can be an issue.

For more information on our destination DJ service, feel free to contact us.
